

OPEN SCIENCE TEAM

MUG MAIN LIBRARY

The Open Science Team in the MUG Main Library offers extensive consultations, including:

- data management plans (e.g. for NCN grant applications),
- the phenomenon of predatory publishers,
- publishing under free licenses,
- open publishing programs,
- choosing an appropriate repository for publications or research data,
- checking publishers' policies - what the author may do?,
- FAIR principles applied to research data,
- reliable information about Open Access,
- useful tools that make Open Science more accessible, functionalities of the Polish Platform of Medical Research and many others.

READING ROOM 1 & 2

MUG MAIN LIBRARY

All information about the Reading Rooms' collections are presented in the MUG Main Library catalogue online.

* * *

All users are obliged to:

- keep silence and switch off mobile phones,
- leave their backpacks, bags, overcoats, umbrellas etc. in the cloakroom,
- refrain from bringing in food,
- not leave their belongings on the desks unattended for longer than 30 minutes; after that time the belongings can be collected from the librarian on duty.

Remember! Leave the publications, after using them, in the indicated places; users are not allowed to put the books back onto the shelves.

* * *

Study Rooms:

All MUG students and staff as well as those having valid the MUG Library card are entitled to use the rooms (for scientific purposes only).

The room's key can be collected from the librarian desk at the Reading Room 1 after giving valid student/library card as a deposit.

Study rooms A4 and A5 are aimed mainly at groups of minimum 3 persons, can be booked in person at the library desk in the Reading Room 1 but no later than one day in advance.

* * *

Copy Corner:

In the Reading Room 1 there are 2 self-service photocopiers and a scanner. Photocopying/printing costs 0,15 zł/A4. Scanning is free of charge.
